### Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878 Issue date: 1/18/2023 Revision date: 1/18/2023 Supersedes: 7/20/2020 Version: 2.1 SDS No: 00056-0268

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form Product name UFI MixturePromanum pure9RFV-U7PS-100C-1TY8

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

#### 1.2.1. Relevant identified uses

Use of the substance/mixture

: Hand disinfectant

#### 1.2.2. Uses advised against

No additional information available

#### **1.3.** Details of the supplier of the safety data sheet

| Manufacturer                                                                     | Supplier                     |
|----------------------------------------------------------------------------------|------------------------------|
| B. Braun Medical AG                                                              | B. Braun Melsungen AG        |
| Seesatz 17                                                                       | Carl-Braun-Straße 1          |
| CH-6204 Sempach                                                                  | D-34212 Melsungen            |
| Switzerland                                                                      | Germany                      |

#### 1.4. Emergency telephone number

Emergency number

: INTERNATIONAL: +49 - (0) 6132 - 84463, GBK GmbH (24h - 7d/w - 365d/a)

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

#### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Flammable liquids, Category 2H225Serious eye damage/eye irritation, Category 2H319Full text of H- and EUH-statements: see section 16H319

#### Adverse physicochemical, human health and environmental effects

Highly flammable liquid and vapour. Causes serious eye irritation.

#### 2.2. Label elements

#### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

Hazard pictograms (CLP)

Hazard statements (CLP)

Precautionary statements (CLP)

Signal word (CLP)

- : Danger
- : H225 Highly flammable liquid and vapour.
- H319 Causes serious eye irritation.
- P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
   P260 - Do not breathe vapours.
- P280 Wear eye protection.

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878 SDS No: 00056-0268

| SECTION 4: First aid measures           |                                                                                                                                                                                                                                                                                                                                           |
|-----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 4.1. Description of first aid measures  |                                                                                                                                                                                                                                                                                                                                           |
| First-aid measures general              | : Data of item 4 do partly not refer to the use and the regular employing of the product (in this sense consult package leaflet and expert information), but to liberation of major amounts in case of accidents and irregularities. Take off immediately all contaminated clothing. Call a poison center or a doctor if you feel unwell. |
| First-aid measures after inhalation     | : Remove person to fresh air and keep comfortable for breathing. If you feel unwell, seek medical advice.                                                                                                                                                                                                                                 |
| First-aid measures after skin contact   | : No specific measures are necessary.                                                                                                                                                                                                                                                                                                     |
| First-aid measures after eye contact    | : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Consult an eye specialist.                                                                                                                                                                                         |
| First-aid measures after ingestion      | : Immediately give plenty of water. Rinse mouth. Call a physician immediately. Never give anything by mouth to an unconscious person. Do not induce vomiting without medical advice.                                                                                                                                                      |
| 4.2. Most important symptoms and effect | ts, both acute and delayed                                                                                                                                                                                                                                                                                                                |

Symptoms/effects after eye contact

: Eye irritation.

## 4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

| SECTION 5: Firefighting measures                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                        |
|-----------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5.1. Extinguishing media                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                        |

| SECTION 6: Accidental release measures |
|----------------------------------------|
|----------------------------------------|

| 6.1. Personal precautions, protective equipment and emergency procedures |                                                                                                                                  |  |
|--------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------|--|
| General measures                                                         | : Remove ignition sources.                                                                                                       |  |
| 6.1.1. For non-emergency personnel                                       |                                                                                                                                  |  |
| Emergency procedures                                                     | : Ventilate spillage area. No open flames, no sparks, and no smoking. Avoid breathing vapours. Avoid contact with skin and eyes. |  |

### Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878 SDS No: 00056-0268

#### 6.1.2. For emergency responders

Protective equipment

: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".

### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Avoid release to the environment.

|                         | 6.3. Methods and material for containment and cleaning up                                                                                        |  |  |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|--|--|
| For containment         | : Dike and contain spill.                                                                                                                        |  |  |
| Methods for cleaning up | : Take up liquid spill into absorbent material, e.g.: sand, earth, vermiculite. Notify authorities if<br>product enters sewers or public waters. |  |  |
| Other information       | : Dispose of materials or solid residues at an authorized site.                                                                                  |  |  |

#### 6.4. Reference to other sections

Refer to protective measures listed in sections 7 and 8. For further information refer to section 13.

| SECTION 7: Handling and storage                                                                    |                                                                                                                                                                                                                                                                                                                                   |
|----------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7.1. Precautions for safe handling                                                                 |                                                                                                                                                                                                                                                                                                                                   |
| Precautions for safe handling                                                                      | : Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Flammable vapours may accumulate in the container. Use explosion-proof equipment. Wear personal protective equipment. Use only outdoors or in a well-ventilated area. Avoid breathing vapours. Avoid contact with skin and eyes. |
| Hygiene measures                                                                                   | : Do not eat, drink or smoke when using this product. Always wash hands after handling the product.                                                                                                                                                                                                                               |
| 7.2. Conditions for safe storage, including                                                        | any incompatibilities                                                                                                                                                                                                                                                                                                             |

#### 8.1.5. Control banding

No additional information available

#### 8.2. Exposure controls

#### 8.2.1. Appropriate engineering controls

#### Appropriate engineering controls:

Ensure good ventilation of the work station.

## 8.2.2. Personal protection equipment

#### Personal protective equipment:

Data of item 8 do partly not refer to the use and the regular employing of the product (in this sense consult package leaflet and expert information), but to liberation of major amounts in case of accidents and irregularities.

#### 8.2.2.1. Eye and face protection

#### Eye protection:

Eyewash bottle with clean water (EN 15154)

| Eye protection              |                           |                 |          |
|-----------------------------|---------------------------|-----------------|----------|
| Туре                        | Field of application      | Characteristics | Standard |
| Protective goggles (EN 166) | Liquid splashes may occur |                 | EN 166   |

#### 8.2.2.2. Skin protection

#### Hand protection:

This recommendation refers exclusively to the chemical compatibility and the lab test conforming to EN 374 carried out under lab conditions. Requirements can vary as a function of the use. Therefore it is necessary to adhere additionally to the recommendations given by the manufacturer of protective gloves

| Hand protection                        |              |                   |                |             |            |
|----------------------------------------|--------------|-------------------|----------------|-------------|------------|

| Respiratory protective device with a gas filter | Type A - High-boiling (>65 °C)<br>organic compounds | In the event of insufficient ventilation: | EN 14387 |

#### 8.2.2.4. Thermal hazards

No additional information available

#### 8.2.3. Environmental exposure controls

#### Environmental exposure controls:

Avoid release to the environment.

## **SECTION 9: Physical and chemical properties**

#### 9.1. Information on basic physical and chemical properties

| Physical state                                  | : Liquid                                                                 |
|-------------------------------------------------|--------------------------------------------------------------------------|
| Colour                                          | : Colourless.                                                            |
| Appearance                                      | : Liquid.                                                                |
| Odour                                           | : alcoholic.                                                             |
| Odour threshold                                 | : ≥ mg/m³                                                                |
| Melting point                                   | : -114 °C Ethanol                                                        |
| Freezing point                                  | : Not available                                                          |
| Boiling point                                   | : 78 °C Ethanol                                                          |
| Flammability (solid, gas)                       | : Not applicable                                                         |
| Explosive properties                            | : Product is not explosive. Explosive vapour/air mixtures may be formed. |
| Oxidising properties                            | : Not oxidising.                                                         |
| Explosive limits                                | : Not available                                                          |
| Lower explosive limit (LEL)                     | : 3.5 vol % Ethanol                                                      |
| Upper explosive limit (UEL)                     | : 15 vol % Ethanol                                                       |
| Flash point                                     | : 14 °C DIN 51755                                                        |
| Auto-ignition temperature                       | : 425 °C Ethanol                                                         |
| Decomposition temperature                       | : > 700 °C Ethanol                                                       |
| рН                                              | : ≥7                                                                     |
| Viscosity, kinematic                            | : Not available                                                          |
| Solubility                                      | : Miscible with water.                                                   |
| Partition coefficient n-octanol/water (Log Kow) | : Not available                                                          |
| Vapour pressure                                 | : 59 hPa Ethanol                                                         |
| Vapour pressure at 50°C                         | : Not available                                                          |
| Density                                         | : 0.82 – 0.84 g/cm <sup>3</sup>                                          |
| Relative density                                | : Not available                                                          |
| Relative vapour density at 20°C                 | : Not available                                                          |
| Particle characteristics                        | : Not applicable                                                         |

#### 9.2. Other information

#### 9.2.1. Information with regard to physical hazard classes

No additional information available

#### 9.2.2. Other safety characteristics

| VOC content            | : | < 95 %                 |
|------------------------|---|------------------------|
| Additional information | : | Solvent content < 95 % |

### Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878 SDS No: 00056-0268

### **SECTION 10: Stability and reactivity**

#### 10.1. Reactivity

Flammable liquid and vapour.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

Reacts with: alkaline earth metals. alkali metals. oxidizing materials.

#### 10.4. Conditions to avoid

Vapour/air-mixtures are explosive at intense warming. Heating can release vapours which can be ignited.

#### 10.5. Incompatible materials

alkali metals. alkaline earth metals. Oxidizing agent.

#### **10.6. Hazardous decomposition products**

Carbon monoxide. Carbon dioxide.

## **SECTION 11: Toxicological information**

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

| Acute toxicity (oral)<br>Acute toxicity (dermal) | <ul> <li>Not classified (Based on available data, the classification criteria are not met)</li> <li>Not classified (Based on available data, the classification criteria are not met)</li> </ul> |
|--------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity (inhalation)                      | : Not classified (Based on available data, the classification criteria are not met)                                                                                                              |
| Propan-2-ol (67-63-0)                            |                                                                                                                                                                                                  |
| LD50 oral rat                                    | 5840 mg/kg                                                                                                                                                                                       |
| LD50 dermal rabbit                               | 13900 mg/kg                                                                                                                                                                                      |
| LD50 dermal                                      | 12870 mg/kg                                                                                                                                                                                      |
| LC50 Inhalation - Rat                            | > 25 mg/l 4 h                                                                                                                                                                                    |

#### 14.7. Maritime transport in bulk according to IMO instruments

Not applicable

### **SECTION 15: Regulatory information**

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1. EU-Regulations

#### **REACH Annex XVII (Restriction List)**

Contains no substance(s) listed on REACH Annex XVII (Restriction Conditions)

#### **REACH Annex XIV (Authorisation List)**

Contains no substance(s) listed on REACH Annex XIV (Authorisation List)

#### **REACH Candidate List (SVHC)**

Contains no substance(s) listed on the REACH Candidate List

#### PIC Regulation (Prior Informed Consent)

Contains no substance(s) listed on the PIC list (Regulation EU 649/2012 concerning the export and import of hazardous chemicals)

#### POP Regulation (Persistent Organic Pollutants)

Contains no substance(s) listed on the POP list (Regulation EU 2019/1021 on persistent organic pollutants)

#### Ozone Regulation (1005/2009)

Contains no substance(s) listed on the Ozone Depletion list (Regulation EU 1005/2009 on substances that deplete the ozone layer)

#### VOC Directive (2004/42)

VOC content

: < 95 %

#### **Explosives Precursors Regulation (2019/1148)**

Contains no substance(s) listed on the Explosives Precursors list (Regulation EU 2019/1148 on the marketing and use of explosives precursors)

#### Drug Precursors Regulation (273/2004)

Contains substance(s) listed on the Drug Precursors list (Regulation EC 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

#### Seveso Directive (Disaster Risk Reduction)

| Seveso III Part I (Categories of dangerous substances)                                   | ngerous substances) Qualifying quantity (tonnes) |            |
